MATTHEW 24 – KNOCKING ON THE DOOR?

RLJ-1023

JOHN S. TORELL

APRIL 2, 2006

You can always tell when a rainstorm is on its way, likewise, you can also tell when a war is about to start. The Devil likes war because it kills a lot of people and sends them straight to hell since most people aren't saved. In addition, it ties up resources and it slows down the preaching of the Gospel.

Another war is now brewing in the Middle East, this time it will be Israel attacking Iran to disable its nuclear capacity with Iran ready to strike back not only at Israel but also the rest of the world through its terrorist network.

In this message, Pastor Torell ties this war in with Matthew chapter 24 and what Christians should do in a time of crisis and how we can use the gifts and talents which God has given us. Don't be part of the coming crisis upon the world, but be part of the solution that God has prepared.

Do you have an ear to hear with?
