THE PROPHET AMOS

The prophet Amos died some 15 years before the Assyrians invaded the northern kingdom of Israel in 727 B.C. and removed them from the land. Amos was given different prophecies, some to the people of Israel and some for the distant future and the end of times. Let us take a look and see what God told Amos. **Amos 2:4-16; 1 Kings 12:25-33**

PROPHECY AGAINST ISRAEL

God used Amos to warn the people in the northern kingdom.

1. God had selected the family of Abraham from among all the families of the world. A punishment was coming over them because they had neglected the Lord and started to live sinfully. **Amos 3:1-2**
2. God will reveal it to His prophets before any judgment comes to pass. **verses 3-8**
3. The people of Israel would be removed from their land. **verses 9-15**
4. God addressed the leadership in Israel as cows as scolded them and the people. For a number of years God has sent selective judgments upon the ten northern

tribes to no avail because it had not made any impact upon the leaders and the people, they just kept sinning and ignoring the Lord. Now the time had come that God only had one remedy left. He would remove them from the land and bring them into captivity because of their sins. **Amos 4:1-13**

Remember, it's not so important how you begin your life after salvation, but how you finish it!

Do you have an ear to hear with?
