PART 5: PORNOGRAPHY

DESCRIBING FUTURE TECHNOLOGY

Electricity had not been discovered at the time of Christ and technology like cameras, smart phones, tablets, computers and printing presses did not exist. Life was very much like camping today when we leave our homes to live in tents with outdoor toilets and no running water.

When Jesus came from heaven, it was definitely a downgrade; it would be comparable to us living in the Stone Age. He set up His doctrine for the church that would last for thousands of years until the new creation. Jesus eventually knew electricity would be discovered and this would lead to a rise in technological development. Thus His doctrine needed to be understandable not only then but also in the future.

Jesus wanted to convey the usage of television and its worldwide impact when the apostle John was given the prophecy that became known as the Book of Revelation,

Jesus described the death of the two witnesses in Jerusalem and how the world's population would see it in real time. **Revelation 11:7-12**

Jesus described that a television would have picture and sound but also have a built-in camera and some kind of a ray gun. If a person living during the time of the Antichrist refused to bow his knees and worship in front of the television, an operator in a control room would activate the ray gun and kill them. **Revelation 13:11-15**

PORNOGRAPHY

Jesus knew in the last days there would be an industry producing sexual explicit magazines and videos, showing individual nudity and couples engaging in sexual intercourse. As a result, Jesus modified the seventh commandment. **Exodus 20:14**

Jesus stated it was not enough for a man/woman to refrain from committing adultery; we must also refrain from lusting after someone of the opposite sex in our mind. **Matthew 5:27-28**

It was radical when Jesus said it was better to rip out your eye if you could not refrain from lusting after the opposite sex. **verse 29**

Jesus also addressed masturbation when He said to cut off your right hand if you could not refrain from pleasuring yourself. **verse 30**

MODERN DAY PASTORS

Pornography is built upon lust and masturbation. A recent survey revealed that 65% of pastors are hopelessly hooked on pornography. Since retirement age is 65 years and most pastors retire at that age, it means that the oldest pastor still preaching was born in 1954, meaning he would have entered seminary or Bible school anytime from 1974-1980.

The majority of current pastors were born between 1964 and 1984, growing up in a secular environment with most colleges led by liberal professors. They were raised on television and their value information has come from rock idols, movie stars and sports celebrities. There are some conservative institutions like Liberty University, Bob Jones University and a number of fundamentalist Baptist colleges. Pentecostal colleges and Bible schools have also been infiltrated by teachers who had their faith destroyed and in turn passed on their destroyed faith to impressionable students.

Most major seminaries in 1970 had abandoned the solid faith in the Bible and large portions of the Bible were declared to be invalid.

- ❖ I was told at seminary that the five books of Moses were unreliable according to the seminary policies since they were not written by Moses, but by a number of men centuries after Moses died.
- ❖ The book of Isaiah was written by three different men who concocted up stories.
- ❖ The book of Daniel is pure fiction, written by some Jews around 200 years before Christ.
- ❖ The Book of Revelation was written as a secret code so the apostle John could communicate with his church in Ephesus. According to the liberal professors, the Book of Revelation had no value and should be ignored by pastors and church members.

Thus current pastors have been taught lies and they have no confidence in the Old and New Testament. They have been educated in secular humanism developed by Union Theological Seminary in New York. This diabolical seminary had close ties to the Order of Skull and Bones, which fed its poison to the professors and then to the students.

The only real pastors existing today are those who have had a radical salvation experience, followed by a call by God for them to enter the ministry, and graduated from Christian conservative colleges and seminaries.

The pastors and evangelists who lived during the great revivals of the 1940's to the late 1960's have either retired or gone to be with Jesus.

Prime examples of a reprobate pastors and television evangelists are Joel Osteen, Rick Warren, Bill Hybels, Benny Hinn, Creflo Dollar and many others. **Jeremiah 23:1-4; Ezekiel 34:1-10; 2 Timothy 3:1-9; 4:1-4**

Remember, it's not so important how you begin your life after salvation, but how you finish it!

Do you have an ear to hear with?
