### PART 30: PRINCE OF ISRAEL

#### **LUCIFER ATTACK**

Lucifer appointed a powerful fallen angel to be in charge of the perversion of the Hebrews. He became known as the prince of Israel. **Daniel 10:13, 20**

This prince set up an organization of principalities, rulers of darkness, and spiritual wickedness in high places that were to organize and control the ground troops in the Kingdom of Satan. **Ephesians 6:12**

The following battle plan was drawn up:

1. The second generation of the Hebrews was born in the Promised Land. As the different tribes took possession of the land allotted to them, evil spirits began to entice the adults to develop their cities, craftsmanship, farms, trading, and to start a financial banking system. The adults became so materialistic that they spent all their time increasing and developing what they had been given. They no longer had time to spend with their children and the educational system broke down. **Luke 14:16-24**

2. The second generation still took time to worship God with animal sacrifices, reading the Mosaic Law, and offering prayer and singing to the Lord. Demons of lust began to possess the third generation as they thought it was dull to worship the God of Abraham, Isaac and Jacob. They began visiting the Canaanites who remained in the Promised Land and continued to worship their demon gods.

The heathen worship was certainly exciting to the young Hebrews as there was plenty of food and alcohol, a lot of nude dancing and sexual gratification. Everybody had a good time and the highlight was the human sacrifice on the altar of Molech. The demons whipped the young people into frenzy as they danced in the nude and exhausted themselves with sexual escapades all night long.

Worshipping Moloch was certainly different than the “dry worship” of God. The demon gods were fun to worship because there was always stimulating action. **Judges 2:10-13**

#### **DIVINE INTERVENTION**

It became clear to the Godhead that Jesus would need to intervene in order to bring the wayward Hebrews back into the fold. Jesus stopped the divine protection from the heathens around them in the Promised Land as the Israelites embarked on a 375 year rollercoaster of judgment, repentance, return to sin, etc. **Judges 2:14-23**

Lucifer thought he had won as Israel was without a central leader and the nation had sunk into anarchy. **Judges 21:24-25**

The Godhead paused the virtual time run to reflect upon their next step. There was no way they were going to let Lucifer win. The fight would continue, but under different circumstances. The Levites and judges were not strong enough to sway the hearts of the people, more intervention was needed, and prophets would be activated in the future.

The decision was made to set up a new judge that would also possess the office of a prophet. Elkanah and his second wife, Hannah, were selected to receive a son supernaturally since she was barren. **1 Samuel 1:2**
